If you cannot click on links below, you need to download a more recent ECLIPSE update! This document will not pop-up on your screen again. If you want to keep it, please either save or print it!

March 23, 2021

New Facebook Group

Our goal in creating this space is to offer a platform where we can post information in an informal setting. This also gives you an opportunity to speak with each other -- sharing tips and practices that you have integrated into your office setting. **To join this private group, [click here](#)** & then click **Join Group** on the Facebook page.

21st Century Cures Act

[Our blog entry here](#) explains exactly why you DO NOT need to panic about the 21st Century Cures Act! And you won't need a law degree to understand it!

Encounters

Viewing the **Item History** for any Encounter row (e.g. Cervical ROM) now allows you to select & paste information from any date directly into the Encounter you're editing.

HINTS to help you with ECLIPSE

- Have favorite ICD codes? [Click here for a 1 minute video](#) that demonstrates how to set up and use them.
- Not sure about the new E/M codes? [Watch Dr. Lewin's video](#) explaining how to handle these 2021 coding changes.
- Want to add Macros to your encounter? [Watch this video](#).
- Did you know that we have [an interactive CMS-1500 form that you can click on](#) to see what goes where. This form is available by selecting **Interactive CMS-1500 form** from your **ECLIPSE Help | Online help options** menu.

Subscription lapsed? Swap your existing license for a new monthly license. Call us for details!

352.488.0081: Ryan @ ext. 1001. Cathy @ ext. 1014.

Are you downloading updates regularly? HIPAA Security Assessments should be a continuous activity — and so should ECLIPSE updates. A wide variety of changes make their way into ECLIPSE on a continuing basis. And you should be downloading updates at least every two weeks.

Sincerely,

Karen Walters, D.C.
